Hi Brian,

The owners reported that there are about 6 rv's on the block. All of them have been parked there for several nights. In addition, there are tents along their business wall and it was reported that one individual has their gate code, so they have access to their property. Can you request parking enforcement and LAPD HOPE unit to stop by?

Best,

Thank you, Edna.

Brian, its great to e-meet you. As Edna mentioned, I have submitted No parking Signs from 2-6 AM with DOT. The request is to restrict any type of vehicle during those hours. Along with it, is a letter of recommendation from LAPD to install the signs. I submitted the request along with the letter as a priority from our office to DOT in late October. I'll probably have a status update in the next week or so.

I've also requested LAHSA to conduct outreach for the individuals living in the rv's and contacted parking enforcement to tag the rv's.

SLO Joel Perez has also had the HOPE unit go out there on numerous occasions.

Please let me know if you need any more information.

Best,

Hi Michael,

Yes, our HOPE HET was there this Monday, 2/4, with the HOPE officers. Looking back, I can see that our NELA and HOPE teams have been conducting outreach at this location at least since April – sometimes with LAPD, LASAN and/or LADOT. We have had mixed success with engagements at this location.

In early January, the City had a CSLA comprehensive clean-up there, for which we performed outreach in December. In May of last year, multiple RV's were towed from this location.

I am adding Matthew Tenchavez, our UHRC Manager, who can help coordinate any City services that are being requested at this location. He'll bring this up at UHRC tomorrow.

Thank you,
